# Stimulate your Intelligence

**WORD SMART :** Games and Activities to improve their communication (Verbal and Non-verbal skills) - Will use popular educational games like Word building, Boggle and the like along with voice training and training for creative expression. Story telling sessions (Fairy tales/Creative story telling) can be organized with necessary properties.

**LOGIC SMART:** Games / Puzzles / Activities to improve their logical and numerical reasoning skills. Simple science experiments (from Arvind Gupta toys) to introduce them the world of science in everyday materials.

**PICTURE SMART:** Games/Activities to improve the spatial intelligences of children - using games like Pictionary, Pictureka and paper based craft projects.

**BODY SMART:** Theatre training and outdoor games to cater to kinesthetic intelligence of children and coordination skills. Also craft projects to improve their fine motor skills: Example: Lacing

**MUSIC SMART:** Activities/Games to fine tune their listening skills and musical intelligences- using game of "Animal sounds", "Nature sounds" and the like.

**NATURE SMART:** Craft activities to kindle their understanding of nature using "recycled crafts" and toys made from recycled materials and materials from nature (Leaves/flower) through scavenger hunt. Simple gardening techniques to introduce them to nature can be done.

**SELF-SMART AND PEOPLE SMART:** Activities to improve their inter and intra personal intelligences - introduce them to the world of theatre, mime.

# Western Dance

by WALTZ DANCE STUDIO

Waltz Dance Studio was founded in May 2011. The studio excels in various danced styles such as Hip Hop, Classical Ballet, Modern Jazz, Tap, Salsa, Rock-N-Roll, Lyrical, Contemporary and Freestyle. We are one of the few dance schools in India offering certification courses for international dance styles such as Modern Jazz, Classical Ballet, Contemporary and Tap from CSTD Australia. We are currently operational in Chennai with branches in Porur and Ramapuram and with a strength of 153 students.

Our Vision is to spread the ecstasy and love of dance by helping our students discover the vibrant dancer in them.

## About the CHOREORAPHER

Karthick is an accomplished dancer, choreographer and teacher with about 16 years of dancing experience and 10 years of teaching experience. He excels in Hip Hop, Lyrical, Jazz, Bollywood, Ballet, Salsa and Ballroom. Karthick's vision was to turn the studio into a complete professional setup with main focus on offering international styles for kids. In 2011, the first set of students appeared for CSTD international exams. Karthick excels in Kids choreography and his creative dance techniques make him very popular among kids.

# Art & Craft for Young Children

Arts and crafts for kids are fun  
for children and the young-at-heart!

Art is considered by some a fundamental biological need, a need that defines our existence and the human condition. Those who hold this view will encourage children to appreciate beauty and aesthetics within their surroundings. Art should be valued "for art's sake" because it is considered an important means for self-expression—spontaneity, imagination, play, experimentation, and lack of inhibition are desirable components of making artworks—and for freedom of expression. Art is also valued as an emotional mode for communicating unconscious things otherwise unsayable and for enhancing "healthy" personalities. Art also enhances children's cognitive processes, involving children in problem solving, thinking, and using symbol systems to record their thoughts, ideas, and feelings. In many ways, art offers a form of spiritual awareness as well, revealing itself through the heart and intuition and embodied or somatic ways of learning.

## Western Music

Resource Person : Ms. Paulin  
Venue : Tilak JKG C & D  
Timing : 9.00 am -12.20 pm  
Course fee : ₹1500/-

There are many high-quality childhood music programs available to families today. Each has a slightly different focus, although they share the belief that children benefit from listening to music from an early age. Whether you plan to have your kids engage in academic music study when they are older, or you just want to create a tradition of playing and enjoying music in your family life — an early childhood music program is a good place to start.

Resource Person : Ms.Nirmala  
Venue : Tilak JKG A & B  
Timing : 9.00 am -12.20 pm  
Course fee : ₹1500/-

## Yoga

Resource Person : Ms.Vanitha  
Venue : Bharathi SKG C & D  
Timing : 9.00 am -12.20 pm  
Course fee : ₹1500/-

Yoga for kids is a fun way for children to develop important skills in a fun, non-competitive environment.

Even at a young age, children often feel pressure at school academically and socially, plus the added pressure of competitive organized sports. It is easy for girls and boys to become overly self-critical, and lose confidence in themselves as they grow and change. Yoga is a great remedy; there is no judgment in a yoga class about how a child does a pose or plays a game. Doing a pose 'perfectly' is not the aim of yoga, which nurtures a child's inner strength and self acceptance.

# Drop Everything and Read

Early reading for young children helps them view books as an indulgence, not a chore. Kids who are exposed to reading are much more likely to choose books over video games, television, and other forms of entertainment as they grow older.

Books have the power to benefit toddlers and preschoolers in a myriad of ways. As a parent, reading to your child is one of the most important things you can do to prepare him with a foundation for academic excellence.

We encourage children to appreciate reading books and create their own books to read.

Resource Person : Ms. Harshini  
 Venue : Tilak SKG E & F  
 Timing : 9.00 am -12.20 pm  
 Course fee : ₹1000/-

# Aerobics

## What is Aerobic Dancing?

The word aerobic means "with oxygen" but aerobics usually refers to any kind of activity that gets your heart pumping and your muscles using oxygen. Aerobic dancing involves any kind of exercise put to music and can include everything from country music line dance aerobics to hip-hop dancing. Its recommended that kids and teens get at least 20 minutes of good aerobic exercise three times a week, so aerobic dancing can be a fun way to stay in shape. You can take aerobic dancing during your P.E class at aschool, at a community center or by following along with your choice of aerobic dance video tapes or DVDs.
